Vegetable biryani

Moringa pasta

Finger millet Idli/Dosa

Dalia/broken wheat khichdi

Sambhar rice

Groundnut ladoo

Mixed vegetable sabji

## Do's

- Add variety of food items in your diet by which the daily requirements of all nutrients can be met

- Incorporate seasonal green leafy vegetables in daily diet by kneading them in dough for roti/parantha, preparing chutneys and snacks.

- Add nuts and oilseeds such as peanuts, walnuts, almonds, niger seeds (ram til), flax seeds (alsi), sesame seeds (til) etc. in snack and breakfast preparations.

- In case of nausea and/or vomiting, comply with the suggested meal pattern as you will be unable to meet your nutritional needs if you eat less than 3 meals in a day.

- To increase the absorption of iron in the body, include Vitamin C rich foods in your diet like amla, orange, guava, chutney, lemon, sprouts (Bengal gram whole or green gram whole) etc.

- Along with your daily home diet, consume supplementary nutrition provided by the Anganwadi centres regularly
